Frauds

There is a great danger that the public will be deceived by the use of the word "imitation" in connection with the sale of goods. The public should be warned that the use of the word "imitation" is a fraud and a deception.

Imitations

For instance, when a person is told that a pair of shoes is an imitation, it means that the shoes are not made of the best material and are not of the best quality.

Counterfeits

Counterfeits are goods that are made to look like the real thing, but are not the real thing. They are made to deceive the public and to make a profit for the counterfeiter.

Read in these and you will find out more about the danger of counterfeits.

I want the boy to take a broad view of the world. I have studied how to teach him to do pretty well, as far as the preliminaries go. Now, I am

ANOTHER CIVIL SERVICE FARGE
Semi-Annual Examination of Would-Be Clerks and Carriers.

Although there is a big eligible list and there are no vacancies in the Middletown post office and apparently no prospect of there being any, for Postmaster Elwood's kicking apparatus seems to have given out since he used it with such good effect in the case of Carrier Keeler, the Right Honorable Secretary of the Board of Civil Service Examiners of the Middletown Post Office, Carrier Northrup, gives notice that the regular semi-annual examination for the grades of clerks and carriers will be held Saturday, August 11th.

Those who wish to fool away their time in passing an examination that is just as likely to give them places in the postal service of Patagonia as of the United States may obtain full information by applying to Secretary Northrup. Friends of the unfortunate who insist on taking the examination should see that applications are filed before the carrier's window at the post office closes on Monday, July 23d.

AT THE STATE CAMP.

Very Poor Work Being Done by the Separate Companies.

The change in the weather from the extreme heat of Saturday and Sunday was welcomed by the men at the State Camp.

The drills, Monday, showed the poorest discipline so far. It was the same at guard mount. The Separate Companies that are in camp do not seem to have been exercised sufficiently. The post officers, however, hope by hard work to send them away at the end of the week thoroughly keyed up to the military notch.

SUICIDE AT WALDEN.

Mrs. Mary Hawkins Crist, of Montgomery, shoots herself at the House of a Friend.

The people of Walden were shocked, last evening, when it was learned that Mrs. Mary Hawkins Crist, widow of the late John P. Crist, of Montgomery, had committed suicide at the residence of Mrs. Annie Simpson.

Mrs. Crist was about fifty-five years old, and has been a widow about four years.

She resided in Montgomery with three of her children. Yesterday she went away, leaving a note in which she said she would never return, and asked that some one care for her youngest child. She went to the depot and purchased a ticket for Walden.

Arriving in Walden she went at once to the hardware store of N. J. Fowler, where she purchased a .32-calibre revolver and cartridges. She asked the clerk who waited on her to load the weapon for her, which he did without the least suspicion.

Mrs. Crist then went to the boarding house of Mrs. Annie Simpson, who was a personal friend, and complaining of feeling ill she was shown to a room and advised to lie down.

Mrs. Simpson went out about 4.30 o'clock to do some shopping, and when she returned prepared supper, and after her boarders sat down to the table she went to Mrs. Crist's room and was shocked to find her lying on the bed unconscious, and the blood streaming from a hole in her right temple, and the tell-tale revolver lying by her side.

Drs. Peters and Brownell were hastily summoned, but they could do nothing, as the ball had penetrated the brain. The unfortunate woman died at 8.45 o'clock.

Coroner Decker was summoned and held an inquest, the verdict of the jury being that Mrs. Crist came to her death from a bullet wound inflicted by her own hand.

There is little doubt that Mrs. Crist was insane when she committed the deed. This belief is strengthened by the fact that she was at one time an inmate of the State Hospital in this city, having been under treatment there from November, 1887, to September, 1889.

Most of Mrs. Crist's married life was spent on a farm which she owned, on the turnpike a short distance east of Bullville. Her husband was a hard drinker, and when drunk is said to have been the vilest of brutes, and before the family left the farm terrible stories were current in the neighborhood as to the treatment which she received at his hands. It was generally believed by those who knew of the family and its affairs that her husband's ill treatment of her and worry over his squandering of her property was the cause of her insanity, which first developed many years ago. It should, however, be said that a sister of Mrs. Crist is now in an insane asylum, and another sister, Mrs. William Sears, committed suicide by drowning, and it is possible Mrs. Crist's insanity was hereditary.

Mrs. Crist is survived by seven children—William and Henry, living in North Dakota; Nellie, wife of Miller Van Keuren, of Montgomery; Annabelle and Julia, school teachers in the vicinity of Montgomery, and Nonie and Pauline at home.

A COLLISION IN THE O AND W YARD

Two Engines Damaged and the Night Line Delayed.

Last night, as O. and W. train 5, drawn by Engine 66, with Harry Moore as engineer, neared Wisner avenue crossing, extra engine No. 110, N. Smith, engineer, attempted to cross over from one track to another, but the switch being misplaced, it started out upon the main track, and struck the engine of No. 5. The collision was a peculiar one, the sides of both engines coming to gether where the switch and main line meet and they were wedged together so tightly that it required nearly two hours of hard work to separate them.

Both engines were considerably damaged and train 5 was delayed about two hours.

ALERTS TO EAGLES.

Norwich and Middletown Firemen Fraternize—Presentation to Eagles—A Banquet at the Assembly Rooms.

Eagle Hose Company, No. 2, was notified a few days ago, that they would receive a visit from a delegation of Alert Hose Co., of Norwich, June 25th, and due preparations were made to receive the visitors.

The representatives of Alerts, were Dr. Smith, Judge Sullivan and Foreman Aids, who arrived on O. and W. train No. 2, and were taken in charge by members of Eagles.

A special meeting of Eagles had been called and at 8 o'clock, when the meeting was called to order, Dr. Smith arose and in behalf of Alerts presented to Eagles a handsome silver trumpet, which he said was a slight token of the kindly feeling for Eagles by Alerts. He alluded to the visit of his company to this city at the last annual parade and the generous hospitality extended by Eagles.

The following inscription was neatly engraved upon the trumpet:

To the
Eagle Hose Co.,
of Middletown,
from the
Alert Hose Co.
of
Norwich, N. Y.
In appreciation of the kindly courtesy
and generous hospitality extended on
Friday, Oct. 12, 1913.

President M. D. Stivers accepted the gift on behalf of Eagles in his usual happy manner, and then excused himself on the ground of illness and retired.

The company and their guests then adjourned to the Assembly Rooms, where a fine supper had been prepared under Mr. Gunther's direction.

Postmaster Elwood presided at the table and acted as toastmaster.

The first toast was "The Alert Hose Co." Responded to by First Asst. Foreman J. F. Dugan, of Eagles.

"The Ladies of Norwich" was the next, and was responded to by Foreman J. Frank Tuthill, of Eagles.

"Our Firemen" was responded to by Chief Engineer Thorpe.

Judge Sullivan, of Norwich, responded to the toast, "Eagle Hose Co."

"The Ladies of Middletown," was the last toast, and Foreman Aids, of Alerts, responded.

As the visitors were to return on the night line, the festivities were brought to a close at a much earlier hour than they would have been could the gentlemen have remained over night.

RECORDER'S COURT.

Two Drunks and a Disorderly Character Before Justice Bradner.

There were three cases in Recorder's Court, this morning.

The first case called was James Williams, charged with drunkenness. He is an old offender, but harmless when he is in his cups and was let off with a fine of \$3.

The next was a young man from Ellenville, who went to the Wickham avenue depot to go home, but became paralyzed before the arrival of his train. He was discharged with a reprimand.

A young man was arrested on complaint of a small boy, on a charge of disorderly conduct. The boy had been impudent to him and he pulled a pair of handcuffs from his pocket and put them on the boy. When he removed the bracelets, some time afterwards, he gave the lad a parting kick. The Recorder fined him \$3, and confiscated the handcuffs.

COURT PROCEEDINGS

Got Less Than a Tenth of the Amount Sued For—A Typhoid Fever Case—Adjournment Till July 10th.

GOSHEN, June 26.—The jury in the case of Peter A. Van Syckle vs. Andrew Cuff gave \$45 to plaintiff. He had sued for \$431.

The next and last case was entitled William Hamilton vs. Fannie Nicolls. This was a peculiar case. Plaintiff sued for damages to the amount of \$1,000. He had moved into the house of defendant when she had vacated it. He claims that owing to "rubbish and infected bed clothing left by her in the cellar, he had contracted typhoid fever. Herbert Gedney, Esq., appeared for plaintiff and John Bradner for defendant. The verdict was for defendant. Court adjourned until July 10th, at Goshen, when the prisoners will be sentenced.

No Money for Norwich's streets.

The taxpayers of Norwich held a special appropriation meeting, Saturday, to vote on the question of raising an additional \$800 for street improvements, the regular appropriation having been exhausted and the streets, which have been dug up for putting in a sewer system, being in wretched condition. The taxpayers wrangled all the morning and then adjourned without voting on the question, thus killing it as effectually as if the appropriation had been voted down.

Overcome by the Heat.

This forenoon, an elderly lady, who was walking down the Erie tracks near the silk mill, was overcome by the heat and fell down. Two of the employees of the silk mill ran to her assistance. She was not rendered unconscious, and was able to tell the men that she wished to be taken to a house on Montgomery street.

INCIDENTS AND HAPPENINGS IN GOSHEN.

The Electric Road Franchise Not Granted—Property Owners on the Proposed Route Object—Attending Semi-Centennial of Albany Normal School—Death from Diphtheria.

From our regular correspondent

—It is just as Boss Hook said: "There will be no trolley this year." The board refused to grant the franchise at the meeting, last night. Trustees Schoonmaker, Horton and Kniffin voted against it. President Hook did not vote and Trustees Walsh was not present. A remonstrance, signed by over fifty per cent. of the property holders along the proposed route, was presented to the trustees, and on account of this the trustees refused to grant the franchise. Although Mr. Hook did not vote he declared himself that he would vote against the road if the people along the route did not want it. A number of lively speeches were delivered, some straight from the shoulder.

—Dr. J. H. Thompson left for Albany, this morning, to attend the semi-centennial celebration of the Albany State Normal School. The doctor is a graduate of the institution, in the class of '48. The celebration will be characterized by very interesting exercises which will be continued for three days.

—The child of Mr. and Mrs. Chas. Haase died, last night, of diphtheria, aged two years and five months. The body was hurriedly buried and the house thoroughly fumigated.

—Geo. A. Price has been court clerk for seventeen consecutive years.

GOSHEN AND THE ELECTRIC ROAD

The Board of Trustees Refuse a Franchise, But the Line Will Be Built to the Village Limits.

Now that the Board of Trustees of the village of Goshen and Boss Hook say "there will be no trolley in Goshen this year," the Electric Railway Company will make no further efforts to secure a franchise in Goshen.

They already have a franchise to the corporation line, however, and will build their road to a point somewhere on the outskirts of the village, and run a bus line into the town to connect with it; so that Goshen people who want to use the cars can do so just the same as if the cars ran by their doors. It will make additional expense for the company, but it is a part of their plan to accommodate Goshen people as well as the residents of our own city, and they are going to do it.

Those who oppose the road in Goshen will find in time that it is absolutely impossible to stop the wheels of progress. Goshen people who want to ride to Midway Park and Middletown will have the opportunity at no distant day.

UNNECESSARY CALLS FOR THE PATROL.

Eagles Patrol Wagon Has a Busy Night.

The patrol wagon was called out three times, last night, and but once was its services required. The first call came from East Main street when a thick mantle of smoke hovered over the Holding House. All the fire there, was in the range.

The second call was to the Wickham avenue depot to bring in a drunk, a man who was dead to the world for the time being.

The third call came from the Summit, where it was said a man was believed to be dying from the kick of a horse. City Physician Carpenter and Dr. Smith, of Norwich, were taken along, but found the man unhurt except for a slight abrasion of the skin on the cheek. It is needless to say that those who made this trip were thoroughly disgusted.

Dr. Willott Kidd, of Newburgh, Game Protector for this district, was plaintiff, yesterday, in a suit tried in New York for the recovery of \$250 penalty from a New York restaurant keeper for serving woodcock out of season. He produced the heads of the birds in court and they were identified as woodcock heads by Prof. Chapman, of the Museum of Natural History. A sealed verdict was ordered.

Hood's the Best Doctor.

Highland Falls, N. Y., June 13, 1891. —I have used Hood's Sarsaparilla in my family for two or three years, and find that it has helped me very much. My wife had rheumatism and it has cured her. We have used a dozen bottles this spring and think it is the best doctor we can have in our family.

Angel and Devil Fancy Ball.
Lady Cathness, who is an adept in philosophy and reconciles spiritualism with the theories of the late Mme. Blavatsky—who, she says, visited her after death—is going, a Paris correspondent tells us, to issue invitations for a angels and demons' fancy ball. An orange ball at one of the fashionable Paris clubs is talked of as probable. All accepting invitations will be expected to wear orange colored costumes.

Ladies Who Blot.

What a great number there are, now uncomfortable it makes them; it is almost impossible for these afflicted to enjoy life. In my private practice I have always found Sulphur Bitters to be the best remedy. All who are thus troubled should use it.
